Turlock Amateur Radio Club (TARC)
Bacon & Eggs Net Script

QST - QST - QST

This is **(your name), (your call)** for the Turlock Amateur Radio Club morning **Bacon & Eggs Net**. This net is held **Monday through Friday at 7AM** (excluding major holidays) and is open to all licensed amateurs.
[BREAK]

The **W6BXN** repeaters are owned and operated by the **Turlock Amateur Radio Club, Incorporated**. Club meetings are held on the second Tuesday of each month at 7 PM, at the Salvation Army in Turlock located at 893 Lander Avenue. For more information please visit the club's website: W6BXN.org
[BREAK]

Emergency traffic has priority over all other communications. Is there any emergency traffic at this time?
[BREAK]

(WEATHER UPDATE)
[BREAK]

This net runs on a round table format following initial check-ins. I will now take check-ins. Please respond slowly with your **CALLSIGN, NAME** and **LOCATION**. Please wait until you hear the repeater tail drop before transmitting to help to avoid a "pile up".
[BREAK]

The **Bacon & Eggs Net** is now closed, and the repeater will return to normal traffic. Thank you all for your participation. This is **(your name), (your call)** clear.

(Use a round table approach or whatever works to try to involve all who have checked in and want to participate. The net will be approximately ½ hour max. You will want to ID your call-sign about every 10-minutes or so, to comply with FCC requirements. Also, net subjects should be consistent with FCC regulations, ergo, no commercial advertisements, radio programs, no profanity and no politics. You may want to introduce yourself and explain that his is a startup project in order to determine interest and participation. Be patient, it may take a while for folks to figure this out.)
